From the Principal

School overview

Gympie South services both the rapidly growing area of 'Southside' as well as the rural and semi rural areas to the west of Gympie. South's school community is diverse in make up and this diversity underpins the school's strong focus on the individual, a personalisation of student learning, the elimination of barriers that impede participation and the provision of opportunities that enable personal and team growth. South's facilities are 'second to none' with our own 25m swimming pool, Multi-Purpose Hall, brand new Administration Building, expansive ovals, sporting facilities and landscaped grounds. On the curriculum front, as well as delivering structured mainstream learning opportunities, we also offer a range of activities that provide opportunities for student participation and enhancement of individual potential. Our Special Education Unit provides a wonderful service for children with disabilities. 'Together We Make the Difference', our school motto, certainly encapsulates life at South and is very indicative of the Team culture and concerted effort our school community engages in to provide the best possible opportunities for our children.

School progress towards its goals in 2019

Gympie South State School did a great job in working towards our goals and targets for 2018. We focussed on the following last year;

- 1. Reading Developing consistency in pedagogy and processes for developing learning goals and planning
- 2. Writing Promoting creativity and fun in writing
- 3. Mathematics Developing a 'Growth Mindset' everybody can be good at Mathematics

Great Results Guarantee 2019

- Assist all students in years 3 and 5 reach or exceed NMS in all areas of literacy and numeracy in 2018.
- Refine targeted intervention programs for students whom are at risk of not meeting school based benchmarks.
- Purchase specific resources to support the classroom practices and school based programs.
- Providing release time for teachers to engage in structured data analysis, sharing of expertise and consistency of curriculum and assessment implementation.
- Engaging teachers in performance development conversations and feedback processes that focus on the GSSS Reading Program, Phonics Program and Data Plan; and review of student progress with internal and systemic data processes.

Future outlook

Reading - Implement Consistent Pedagogy & Targeted Data Analysis

- Embed a consistent approach to the teaching of reading aligned to the Gympie South Reading Framework.
- Continue the structured monitoring of student data to apply processes and resources applicable to student needs. These include accessing supported Reading Groups and Intervention Programs to ensure all students meet reading goals and standards outlined in the Australian Curriculum.
- Build a culture of shared responsibility and collaborative empowerment to build the efficacy of teachers in delivering highly effective reading pedagogies.
- Maintain an explicit focus on the teaching of phonics in the early years through LEM and targeted Reading program
- Adopt and adapt reading resources (Springboard Into Comprehension, Sheena Cameron, C2C) to meet the specific needs of students to build fluency and comprehension in reading
- Use the GSSS Reading framework as a platform for developing Instructional Leadership and supportive and reflective feedback processes

Culture - Developing a Safe and Caring School Environment

- Ensure we develop a consistent approach to behavioural expectations throughout school.
- Provide challenging learning experiences that further develop Reading through critical and creative thinking capabilities across the curriculum.
- Implementation of the Positive Behaviour Learning (PBL) to continue our student centred approach, recognising children who are enacting the expectations of the school.
- Inclusivity committed to all students being included in mainstream classes for reading groups. Striving to have all students access an education to maximise their learning.
- Engaging students in classwork with a difference to meet their learning requirements.

Teaching Practices & Pedagogy

- Research Best Practice within our school and establish an understanding of Lyn Sharatt's Clarity workings.
- Implement and refine a Formal Observation feedback process ensuring we continue to develop and refine our delivery to maximise learning outcomes.
- Ensure consistent practices in KLAs and behaviour to minimise inconsistencies.

How information and communication technologies are used to assist learning

ICT (Computer literacy) is achieved by an integration and alignment of Computer competencies with units of work. Examples of how computers are used in the classroom include: Learning Objects, Blogs, Webquests, Photostory, Moviemaker, Claymation, Robots and student work presentations. Computer access is available in all classrooms (including Prep) as well as computer hubs in the Resource Centre, the Middle and Upper Middle school teaching areas. The school has begun a program of purchasing IPads to support students in a range of areas across the school focusing on intervention, speech and junior school programs. Our teacher-librarian is a leader in ICT implementation within the school and across the district. She has been an integral factor in our high level ICT engagement across the school and continues to lead training and modelling for staff.

Social climate

Overview

Our Motto 'Together We Make the Difference', defines our School's commitment to parents as partners in the formal education process. Effective and varied communication channels are utilised to ensure a two way, free flow of information between parents and school. Weekly Newsletters, Class Curriculum Newsletters (at the beginning of every Term), Facebook page, Parent Teacher evenings, encouraging parents to engage in class room and whole school related activities, a very active P&C, Class Markets at our Bi-Monthly Markets, Social & Cultural events (Performing Arts evening), Athletics Week, Swimming Carnivals, yearly internal school scans to supplement School Opinion Surveys, an 'open door' policy for access to the Administration at short notice for emergent parental issues, and an admin presence every morning in carparks and playground areas, support and encourage active parent involvement in school life and encourages positive dialogue between all members of the school community. A revamped school web site, Facebook interaction and SMS system, have also proved an opportunity to engage in communication with our school community while boosting the positive profile of our School.

A revamped school web site, Facebook interaction and SMS system, have also proved an opportunity to engage in communication with our school community while boosting the positive profile of our School.

Respectful relationships education programs

Gympie South engages in education programs which highlights the importance of respectful and appropriate relationships. At Gympie South students engage in the "You Can Do It" program which encourages social and emotional learning. It also focuses on student learning and self-awareness of feelings and strategies to engage in safe and productive relationships. In 2019, we implemented the PBL Program and made great progress towards improving the school climate and student behaviour.

School disciplinary absences

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	38	24	28
Long suspensions – 11 to 20 days	0	1	0
Exclusions	1	1	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	212,989	219,098	225,867
Water (kL)	2,302	3,842	2,941

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

^{# &#}x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. DW = Data withheld to ensure confidentiality.
